SIKESTON, SCOTT COUNTY, MISSOURI FRIDAY MORNING, SEPTEMBER 17, 1920

NUMBER 19

ARE YOU READY FOR THE BIG FAIR?

Missouri District Fair a record breaker and one that will eclipse all previous fairs, has been the thought upermost in the minds of the Fair officials, the County Agents and Farm Boys' and Girls' Clubs. Secretary Wilson and Assistant-Secretary Chas. Blanton Jr., have been busy for weeks getting things in shape for opening day. Each county has a special committee assembling and arranging the various products for the county display and they'll all be winners. The Agricultural Hall, overflowing with the wonderful products of farm, garden, and orchard, will be one big emblem of "the Land of Plenty."

The Grand Corn Contest, in which \$2000 in premiums is offered, is at-States, since 21 of the premiums amounting to \$300,00 are open to the world. The entries in the 70-ear contest are open only to residents of Butler Cape Girardeau, Misissippi, New Madrid, Pemiscot, Dunklin, Scott and Stoddard Counties and there will be many contestants for the 41 prizes | 42 amounting to \$1.645.00.

The live stock and hog pavillions will attract throngs of visitors eage to see the best animals from each of the many herds of pure bred stock and hogs of which the district is

The races each day will be a big feature, there will be more horses entered than ever before and the races promise to be of the closest and most

year by the management are excel-Harrison and Troupe, and Lil Kerslake's Educated Pigs, with "more sense than some humans," will be

Of course, there'll be airplane flights, why shouldn't there be, since Sikeston's aviators with their own machines are besieged at all times with other for engagements?

Under the direction of Col. Parker of St. Louis and Lieut.-Col. Phillpot of Little Rock, Ark., the War Department will have an interesting display in which things dealing with military necessarily alloted to Kaplan Greater Shows than has ever been required by any other carnival company, with their 20-carloads of features. 15 shows. The Whip, Merrygo-round, Ferris Wheel and Victory boats, there will be attractions galore on the Midway. Kaplans also have

Special train service will be given by both railroads, and if the weather is all it should be, the 1920 Fair will be one Big Success.

a fourteen piece band.

It takes a tremendous lot of work brain work, labor and management to put over a big celebration of this sort and much praise is due the men who have done the thinking, the planning and the work needed to be done to make the Southeast Missouri District Fair the best ever.

Better Farming, a paper published in Chicago, is offering a prize for the best reason, given in 200 words, for voting for either Cox or Harding. A citizen of Sikeston submitted the

I shall vote for Cox, believing such a vote to be the lesser of two ewils. Neither platform is clear, but that of the Democrats promises some reunderstand this, while Harding's words may be intrepreted YOUR Cox has showed himself an "acter" and a fighter. Harding says

"Let's go back to the old moorings. No sensible man can think for a minute that if we had had a League of Nations and Germany had known before hand that the civilized world was to whip, that the Kaiser would have suicided. He seems to love power and wants to live. If a League of Nations would have prevented the terrible ordeal through which we have just passed, why will it not spare us a future like ordeal?

Cox is a Democrat, which party has given the common people more reforms in eight years, than did the Republicans in fifty. More reforms are needed; who shall we expect reforms from; Cox, who has done wonders for his State, or Harding who wants to go back to the old moor-

AUTUMN IS CLEARING TIME FOR FARM LAND

Convert All Waste Places Into Revenue Producers.

Order Named for Keeping Down Sprout Growth-Methods for Removing Stumps.

The fair-weather days of the autumn afford the farmer an opportunity to undertake the clearing of land for which he has no time in the busy summer months, and which can not be ter suited to crop production than to forest growth, a careful study of the most economical method of removing stumps and small growth should be stumps for a few seasons, until the smaller stumps are dead and decayed, during which time it is used for pasture or may be cultivated. Finally,

of no value and the ground is not to be cultivated before the stumps are removed, it may be best to cut the trees rather high above the ground. If the stumps are left three feet high Corn Exchange Bank. there will be less sprouting than if cut low down, and such stumps are more

The most successful method of keeping down sprout growth is by heavy pasturing by goats, sheep, or cattle, in the order named. Any sprouts not killed by pasturing should be cut or knocked off with the head of an ax.

mite. Farmers' Bulletin 974, "Clearing Land," prepared by the United States department of agriculture, contains information designed especially for persons interested in this subject. A copy can be had on request.

PREPARE LAND FOR ALFALFA

One of the Best Ways to Get Moisture and Well-Packed Soil Is by Disking and Rolling.

Fall seeding of alfalfa requires moisture and a soil which is well packed. One of the best ways of getting such a condition is to disk the ground which has been in a cultivated crop tatoes, makes good ground for fall seeding. On ground of this kind a thorough disking and harrowing will often put it in good shape for alfalfa. pended. will do better if limestone is applied. ed that eight persons were killed. The rester, Ralph Anderson, Dr. Olds, six Fordsons he owns On many of our types of soil alfalfa This limestone should be applied after same report said more than a score the ground has been plowed and then harrowed in to give best results.

SWINE FOR WINTER MARKETS

Temptation to Fatten Quickly on Corn Alone Is Liable to Cause Loss of Animals.

Hogs for the early winter markets should be carefully fed. The tempta- nurse secured by the local Red Cross tion to fatten quickly on corn alone for Sikeston, arrived Tuesday afteris liable to cause the careless farmer noon from St. Louis and begun her the loss of one or more animals. A duties Wednesday morning. The first better and a safer feed is wheat middlings and wheat bran made into a where Miss Monroe will be engaged thick slop. Give a feed of this just what the hogs will eat up clean twice a day, then give a moderate feed of

clean water in the pens. See that the be reported to the parents. Cases trough is clean. Have clean, dry pens will be investigated and should the and yards. Dust the pens once a week with air-slacked lime.

POTATO DISEASE EXPLAINED

So-Called Blight Due to Tip-Burn or Small Insect Known as the Leaf-Hopper.

Much of the so-called potato blight which is to be found is due to what is really tip-burn, or it may be due to a small insect known as the leaf-hopper. The tip-burn is caused by the dry weather and extreme heat as the sun and wind draw the water from the plant faster than the roots can supply it from the ground. The leaf-hopper is a small, greenish-like insect, which will be found jumping from one plant Greer has spent large sums in the to another as the plants are moved.

BORER EATS CLOVER ROOTS

Helps Sick Women

For more than 40 years, Cardui, the woman's tonic, has been helping weak, sick women, back to health, as proven by the thousands of letters we receive, every year, similar to the following from Mrs. A. Peru, of Leavenworth, Ind. She says: "About six years ago, I began the use of Cardui for female weakness. I suffered such fearful bearing-down pains . . . I was indeed a nervous wreck for 4 years. I couldn't do my

SEED WHEAT AND RYE (Rosen)

We have told you all along that we had a car of fine seed wheat on the road from the Gunson Seed Company of New York and a car of Rosen Rye from Michigan. Well, they have both arrived and are now housed in our store and if you are interested in better wheat or better rye, it will pay you to come around and see it or send to us for samples.

WHEAT

We have two varieties of wheat. Improved Fultz, a smooth wheat and No. 10, a bearded wheat. The Improved Fultz is the offspring of the Old Fultz and as fine as you could ask to see. The No. 10 is a bearded wheat bred from ten different varieties of bearded wheat and should be sown extensively in our low wet ground. This wheat is not ordinary country run, but wheat that has been bred for seed purposes by one of the largest farm seed growers in the United States. You can't go wrong by sowing it. It has been sown extensively in Kentucky, where it has given splendid results and as we are in the same latitude, should do as

Price (in heavy cotton grass bags worth 75c apiece) 5 bushel or more \$5.50 per bushel, F. O. B. Sikeston, less than 5 bushel, \$5.75.

ROSEN RYE

We have a car of Rosen Rye fresh from the Rosen Rye fields of Michigan.

Rosen Rye is as far ahead of the Old Fashioned Rye as a thorough bred Poland China is the old Arkansas Razor Back.

It pays to sow Rosen Rye if you are only sowing for pasture, as it is a good plump kernel and every one will grow, make a stout hearty plant that stools well and doesn't lay so flat to the ground.

Price 5 to 20 bushel \$2.90 per bushel, 20 to 50 bushel \$2.75 per bushel, 50 to 100 bushel, \$2.65 per bushel, F. O. B. Sikeston. Bags free.

Fall grass seed of all kinds.

VOLUME 9.

SIKESTON, SCOTT COUNTY, MISSOURI FRIDAY MORNING, SEPTEMBER 17, 1920

NUMBER 19

ARE YOU READY FOR THE BIG FAIR?

Missouri District Fair a record breaker and one that will eclipse all previous fairs, has been the thought upermost in the minds of the Fair officials, the County Agents and Farm Bureau members of each of the eight counties included in the district, every farmer and members of the Boys' and Girls' Clubs. Secretary Wilson and Assistant-Secretary Chas. Blanton Jr., have been busy for weeks getting things in shape for opening day. Each county has a special committee assembling and arranging the various products for the county display and they'll all be winners. The Agricultural Hall, overflowing with the wonderful products of farm, garden, and orchard, will be one big emblem of "the Land of Plenty."

The Grand Corn Contest, in which \$2000 in premiums is offered, is attracting corn growers in many other States, since 21 of the premiums amounting to \$300,00 are open to the world. The entries in the 70-ear contest are open only to residents of Butler Cape Girardeau, Misissippi, New Madrid, Pemiscot, Dunklin, Scott and Stoddard Counties and there will be many contestants for the 41 prizes | 42 amounting to \$1.645.00.

The live stock and hog pavillions will attract throngs of visitors eager to see the best animals from each of the many herds of pure bred stock and hogs of which the district is justly proud.

90

The races each day will be a big feature, there will be more horses entered than ever before and the races promise to be of the closest and most

The free attractions secured this year by the management are excellent and performances by Happy Harrison and Troupe, and Lil Kerslake's Educated Pigs, with "more sense than some humans," will be given daily.

Of course, there'll be airplane flights, why shouldn't there be, since Sikeston's aviators with their own machines are besieged at all times with other for engagements?

Under the direction of Col. Parker of St. Louis and Lieut.-Col. Phillpot of Little Rock, Ark., the War Departin which things dealing with military life will be shown. Much more space was necessarily alloted to Kaplans Greater Shows than has ever been required by any other carnival company, with their 20-carloads of fcatures. 15 shows. The Whip, Merrygo-round, Ferris Wheel and Victory boats, there will be attractions galore on the Midway. Kaplans also have a fourteen piece band.

Special train service will be given by both railroads, and if the weather is all it should be, the 1920 Fair will be one Big Success.

It takes a tremendous lot of work brain work, labor and management to put over a big celebration of this sort and much praise is due the mer who have done the thinking, the planning and the work needed to be done to make the Southeast Missouri District Fair the best ever.

Better Farming, a paper published in Chicago, is offering a prize for the best reason, given in 200 words, for voting for either Cox or Harding. A citizen of Sikeston submitted the

I shall vote for Cox, believing such a vote to be the lesser of two ewils.

Neither platform is clear, but that of the Democrats promises some reform and Cox says he favors going in and that he is one of us and I can understand this, while Harding's words may be intrepreted YOUR way. Cox has showed himself an "acter" and a fighter. Harding says, 'Let's go back to the old moorings.'

No sensible man can think for a minute that if we had had a League of Nations and Germany had known before hand that the civilized world was to whip, that the Kaiser would have suicided. He seems to love power and wants to live. If a League of Nations would have prevented the terrible ordeal through which we have just passed, why will it not spare us a future like ordeal?

Cox is a Democrat, which party has given the common people more reforms in eight years, than did the Republicans in fifty. More reforms are needed; who shall we expect reforms from; Cox, who has done wonders for his State, or Harding who wants to go back to the old moorings?

AUTUMN IS CLEARING TIME FOR FARM LAND

Convert All Waste Places Into Revenue Producers.

Goats, Sheep or Oattle Arc Favored in Order Named for Keeping Down Sprout Growth-Methods for Removing Stumps.

afford the farmer an opportunity to undertake the clearing of land for which he has no time in the busy summer months, and which can not be forest growth, a careful study of the most economical method of removing stumps and small growth should be stumps for a few seasons, until the smaller stumps are dead and decayed, during which time it is used for pasture or may be cultivated. Finally,

the stumps are left three feet high Corn Exchange Bank. there will be less sprouting than if cut low down, and such stumps are more easily pulled.

The most successful method of keeping down sprout growth is by heavy pasturing by goats, sheep, or cattle, in the order named. Any sprouts not killed by pasturing should be cut or knocked off with the head of an ax.

ods used in removing stumps, by means of burning, pullers and dynamite. Farmers' Bulletin 974, "Clearing Land," prepared by the United States department of agriculture, contains information designed especially for persons interested in this subject. A copy can be had on request.

PREPARE LAND FOR ALFALFA

One of the Best Ways to Get Moisture and Well-Packed Soil Is by Diskin; and Rolling.

Fall seeding of alfalfa requires moisture and a soil which is well packed. One of the best ways of getting which has been in a cultivated crop fices are located. and removed early, such as early potatoes, makes good ground for fall On many of our types of soil alfalfa will do better if limestone is applied. the ground has been plowed and then were injured. harrowed in to give best results.

SWINE FOR WINTER MARKETS

Temptation to Fatten Quickly on Corn Alone Is Liable to Cause Loss of Animals.

Hogs for the early winter markets better and a safer feed is wheat middlings and wheat bran made into a thick slop. Give a feed of this just what the hogs will eat up clean twice

trough is clean. Have clean, dry pens and yards. Dust the pens once a week with air-slacked lime.

POTATO DISEASE EXPLAINED

So-Called Blight Due to Tip-Burn or Small Insect Known as the Leaf-Hopper.

Much of the so-called potato blight which is to be found is due to what is really tip-burn, or it may be due to a small insect known as the leaf-hopper. The tip-burn is caused by the dry weather and extreme heat as the sun and wind draw the water from the plant faster than the roots can supply it from the ground. The leaf-hopper is a small, greenist-like insect, which to another as the plants are moved.

Here are three life stages of one borer. The root borer will attack peas as well as clover. The larvae and the beetles of the borer literally riddle the roots of the clover plant. The borer may be the trouble with that sickly,

Helps Sick Women

For more than 40 years, tonic, has been helping weak, sick women, back to health, as proven by the thousands of letters we receive, every year, similar to the following from Mrs. A. Peru, of Leavenworth, Ind. She says: "About six years ago, I began the use of Cardui for female weakness. I suffered such fearful bearing-down pains . . . I was indeed a nervous wreck for 4 years. I couldn't do my bed most of the time."

TAKE

The Woman's Tonic

She continues: "At night I was restless and appetite, in fact was a couldn't sleep. I had no every one else . . . I continued in this condition until finally I began the Cardui Home Treatment. l used . . . Cardui regular until I took a number of bottles. It cured me. was well. And I believe I would have died had I not found this re-

If you suffer from pain caused from womanly troubles, or if you feel the need of a good, strengthening tonic to build up your run-down system, try Cardui. We lieve it will help you.

SEED WHEAT AND RYE (Rosen)

We have told you all along that we had a car of fine seed wheat on the road from the Gunson Seed Company of New York and a car of Rosen Rye from Michigan. Well, they have both arrived and are now housed in our store and if you are interested in better wheat or better rye, it will pay you to come around and see it or send to us for samples.

WHEAT

We have two varieties of wheat. Improved Fultz, a smooth wheat and No. 10, a bearded wheat. The Improved Fultz is the offspring of the Old Fultz and as fine as you could ask to see. The No. 10 is a bearded wheat bred from ten different varieties of bearded wheat and should be sown extensively in our low wet ground. This wheat is not ordinary country run, but wheat that has been bred for seed purposes by one of the largest farm seed growers in the United States. You can't go wrong by sowing it. It has been sown extensively in Kentucky, where it has given splendid results and as we are in the same latitude, should do as

Price (in heavy cotton grass bags worth 75c apiece) 5 bushel or more \$5.50 per bushel, F. O. B. Sikeston, less than 5 bushel, \$5.75.

ROSEN RYE

We have a car of Rosen Rye fresh from the Rosen Rye fields of Michigan.

Rosen Rye is as far ahead of the Old Fashioned Rye as a thorough bred Poland China is the old Arkansas Razor Back.

It pays to sow Rosen Rye if you are only sowing for pasture, as it is a good plump kernel and every one will grow, make a stout hearty plant that stools well and doesn't lay so flat to the ground.

Price 5 to 20 bushel \$2.90 per bushel, 20 to 50 bushel \$2.75 per bushel, 50 to 100 bushel, \$2.65 per bushel, F. O. B. Sikeston. Bags free.

Fall grass seed of all kinds.
